We can discuss the process. FPPS is going to make this a little challenging.

Loren,

I have attached Region 8's memo and Natural Disaster form, along with ERT's Natural Disaster form and SF-52's for Gregory Powell, Gary Newhart and David Charters. (Please note that on the 52's I entered the effective pay period date on top and the actual dates they started on the response on the second effective date.)

Let me know if you require anything further.

Thank you.

Edith
